

A quick guide to setting up your integration

The information below includes steps on how to activate the Appfolio Stack™ Marketplace as well as sign up for the PetScreening integration.

1. While logged into your AppFolio database, click **Add Functionality** in the top right-hand corner and select **Integrations**.
2. Click **Get AppFolio Stack™ Premium**.
3. Enter your **name** as an Authorized Signer, and click **Activate AppFolio Stack™ Premium**.
(Only Presidential Users can sign up for this feature)

AppFolio Stack™ Marketplace ✉ FEEDBACK

Explore our growing list of partners and easily enable partner connections right from the Marketplace.

Enroll in AppFolio Stack™ Premium for unlimited access to all AppFolio Stack™ Premium partners for one low monthly fee or included in your AppFolio Property Manager Plus subscription.

AppFolio Stack™ Premium

- \$0.50 per connected unit / month (\$100 minimum)
- Included in AppFolio Property Manager Plus after enrollment

[Get AppFolio Stack™ Premium](#) [Learn More](#)

This will enable AppFolio Stack™ for your database and you are ready to sign up for the PetScreening Integration.

1. In AppFolio, click your name in the top right-hand corner. Then, select **General Settings** from the dropdown menu.
2. From General Settings click **Manage AppFolio Stack™ Integrations**.
3. Scroll down to **PetScreening**, click the drop-down arrow, and select **Manage Connection**.

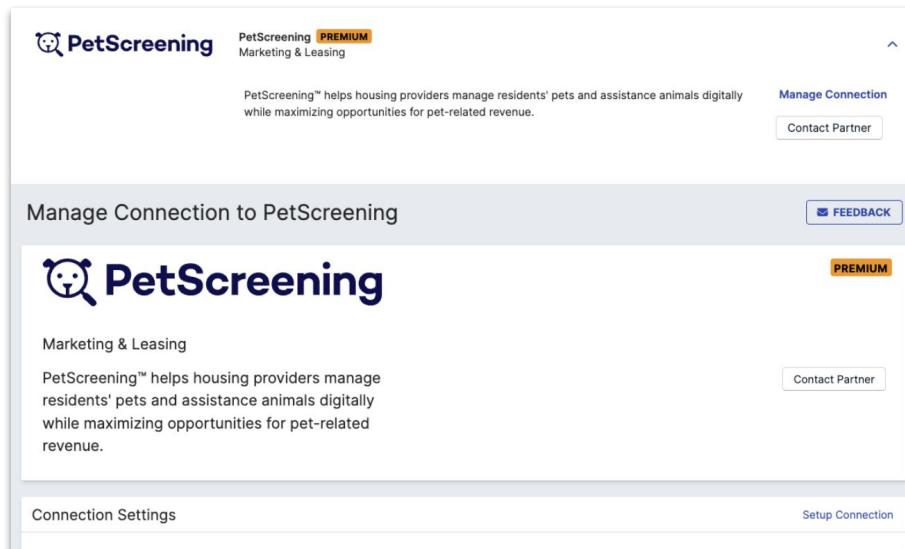

A quick guide to setting up your integration

4. Click **Setup Connection** in the Connection Settings block. Select whether to enroll all properties or specific Property Groups to PetScreening. Then click **Save**.

If you would like to group properties into a group, please follow these steps:

- a. Select the **Properties** tab on the left-hand side.
- b. Select the **New Property Group** button under Tasks on the right-hand side.
- c. Name the property group. **Ex.** Only cat-friendly Single Family homes.
- d. Select the specific properties you would like to add to the property group. The properties will appear at the bottom of the page.

5. Tick the boxes indicating that an agreement exists with PetScreening and the terms of agreement have been reviewed and approved for this connection
6. Click **Enable Connection**. Once this is done your request will be sent out to us and we will be able to get started!

You have requested that AppFolio, Inc. ("we") give PetScreening (hereafter referred to as "Third Party") access to different parts of your AppFolio Property Manager account for data sharing purposes. We have agreed to grant Third Party access to your account, subject to your acknowledgement and agreement with the following:

1. Depending on the specific access granted, Third Party may be able to read, edit, delete, and/or export information within your account.
2. If Third Party suffers a data breach or is otherwise compromised, your data may be accessed by unauthorized individuals. In such case, AppFolio shall have no liability or obligations under applicable data privacy laws, and your sole recourse shall be against Third Party.
3. You have reviewed Third Party's privacy policy to learn how Third Party will use your data.
4. We do not control and are not affiliates with Third Party and have no responsibility or liability for any action or failure to act by Third Party.

Green Acres Property Management already has an agreement with PetScreening for the selected properties.

I acknowledge and agree with all of the above, and I have the legal authority to execute this agreement.

To exclude commercial properties and associated users from importing to PetScreening, please create a property group and exclude the commercial properties from this group. Under **Connection Settings**, select **specific property groups**, enter the property group name you created, and select save.

*** Please view step four for specific steps on how to set up a property group.*
