What You Can Do with PetScreening + Rentvine:

Increase Compliance

Review assistance animal accommodation requests according to HUD guidelines.

Verified Pet Profiles

Ensure every pet on your property is properly screened and documented.

Time-Saving Automation

Reduce administrative workload with streamlined data entry.

Consistent Records

Keep your Rentvine system updated with accurate, up-to-date pet data.

Why Choose PetScreening...

- **Stop fake ESA's** with our in-house team that authenticates documentation with the healthcare provider.
- Improve compliance tracking and **reduce risk** of unauthorized pets.
- **Boost revenue** with data-driven, risk-based pricing for pet fees.
- **Access the only national database** of pet and animal related incidents in rental housing.

“We implemented PetScreening recently and have been enjoying the product immensely. It is a product long overdue and will take the “headache” out of the screening process, especially when dealing with animals.”

– Dedra C., **Broker-Owner**
