

A quick guide to setting up your integration

1. Navigate to the **Admin tab** of Rent Manager to **Available Integrations**
2. Find the **Resident Services** area
3. Select **PetScreening**
4. Select **request activation**
5. Please set up a **custom history category** for PetScreening notes

STEPS:

1. Admin > Setup > Rental Info > History Categories > Add
2. Name = "PetScreening"
3. Type = Tenant/Prospect
4. Save

6. Complete payment*

*Please note: At PetScreening, our core service is entirely free for property managers. To enhance your experience, we've partnered with leading platforms like Rent Manager to offer robust two-way integrations. This advanced feature incurs a nominal fee of \$50 per month, which is a direct pass-through cost from Rent Manager. By implementing this fee, we cover the integration expenses and ensure you receive seamless, high-quality functionality—all while keeping our primary service free for you. Please use [this link](#) to complete the payment information.
